

DRUMS

# The Migraine Headache

by JEFF SALEM (Obtained from an article in "Canadian Musician Magazine").

To create the Migraine effectively, play the letter "A" with the left hand on closed Hi-Hat and snare, while the right foot plays the bass drum

A

The right hand will play numbers "1 - 4", (in sequence), SIMULTANEOUSLY with letter "A".

1		2	
3		4	

When you are comfortable with the above patterns, try to add this 3 - 2 rumba clave pattern with the left foot.
