

How to "reset" the bar count to 1 at the current bar 9 ?

The screenshot shows a music notation software interface with the following elements:

- Title:** Gong Xi DRAFT 3 (13th Jan 2025)
- Composer:** Cochrane Drum Tutor
- Section 1:** Piano solo intro for EIGHT bars (TBC!) with bar numbers 1 through 8.
- Section 2:** 4 bar drums solo with bar numbers 9 through 12.
- Section 3:** Main and 2nd Kit parts with bar numbers 13 through 21. A 'China Cymbal' part is also indicated.
- Section 4:** A sequence of notes for bars 15 through 21.

The interface includes a menu bar (File, Edit, View, Add, Format, Tools, Plugins, Help, Diagnostic), a toolbar with various notation tools, and a palette on the left with categories like Breaths & pauses, Lines, Noteheads, etc. The status bar at the bottom shows 'Workspace: Default', 'Concert pitch', 'Page view', and '150%' zoom.
